The Food Industry Center

Founded in 1995 as an Alfred P. Sloan Foundation Industry Studies Center, The Food Industry Center (TFIC) has a history of conducting primary research on the food industry and offering forums on current topics and best practices. The mission of The Food Industry Center is to develop and inform food industry leaders through educational programs and research inquiry.

The Food Industry Center is supported by General Mills, Land O'Lakes, Midwest Dairy, and Old Dutch.

The Minnesota Grocers Association is a state trade association representing the food industry since 1897. We have over 200 retail members with nearly 1,100 stores statewide, as well as approximately 100 distributors and manufacturers. Focusing on the importance of consumers, careers and communities, we actively advance the common interest of all those engaged in any aspect of the food industry as a leader and advocate in government affairs.
